

# PLAY AREA GAME

A **play area** is a space filled with different activities like slides, swings, trampolines, monkey bars, ball pits, and more. Playing in a play area is all about having fun, moving around, and challenging yourself

## **How to Play Different Play Area Games:**

### **1. Tag (Chor-Sipahi Style)**

- One person is "it" and chases the others.
- If someone gets tagged, they either switch roles or sit out.
- Play in a way that no one gets hurt by running into obstacles!

### **2. Hide and Seek**

- One person counts while others hide in the play area.
- The seeker must find everyone; last person found wins!

### **3. Obstacle Course Challenge**

- Players must run, jump, crawl, and climb through different sections of the play area as fast as possible.
- Whoever finishes first wins.

### **4. Swing Challenge**

- See who can swing the highest or jump off (safely) at the right time.
- You can also do a "who can stay on the longest" game.

### **5. Slide Race**

- Players slide down at the same time; first one to reach the bottom wins.
